

**To Mayor Moon and Council Members Mills, Foat, Kors and Roberts:**

We, the undersigned, implore you to preserve and protect the Plaza Racquet Club in its current location in Central Palm Springs. The Club is an excellent example of historic mid-century modern architecture. It is also a financially solvent, well-run facility in excellent condition, located in a relatively wind-free part of the City. As you know, it provides on-going public benefit to residents and tourists alike and as such is an important resource.
